The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it nets on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

and head with Pearline, and see how refreshing and comforting it is. A Pearline shampoo, even if you don't take it very often,

will keep the scalp beautifully clean and healthy. Don't use too much. Not that there's any barm in it, but it'll take too long to wash the suds off, and you might grumble about that.

Use your Pearline in the bath. You'll feel in-vigorated after it. It's

very much like a Turkish or a Russian bath-except that it costs almost nothing, and that you take it at home, without any trouble or fuss.

Bewate Peddlers and some unscrapulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled; if your grocer sends you an imitation, be honest—rend it back.
